SUMMARY

Little guy with big dreams born in Pazardzhik. Passionate about programming since 8th grade. Throughout my journey, I have consistently demonstrated strong attributes such as effective communication and decisive decision-making. Currently pursuing my third year at NBU, I have garnered valuable practical experience during my four-month internship at ICB, following a six-month intensive education at one of the hardest programming academies - Telerik Academy.
Always prepared to go above and beyond, I am ready to devote 110% of my dedication to achieving success in any endeavor I undertake.

PROJECTS

Carpooling

Carpooling is a web application that enables you to share your travel from one location to other with other passengers. Every user can either organize a shared travel or request to join someone else's travel.

· Technologies: REST APIs, ASP .NET, MS SQL Database, MVC, SOLID, OOP, HTML/CSS
🔗 https://gitlab.com/carpooling-team-11/carpooling-team-11

Sports Forum

Forum System where users are able to create posts, write comments and up vote/down vote the things they like or dislike.

· Technologies: REST, Bootstrap, MVC, MS SQL Database, .NET, HTML/CSS, SOLID, OOP
🔗 https://gitlab.com/luffy09/Teleric-Project-Forum

Task Management System

Design and implement a Tasks Management console application that will help a small team of developers to organize and manage their work tasks.

· A console application that has OOP principles.

EXPERIENCE

.Net Internship   06/2022 - 10/2022

ICB - Interconsult Bulgaria   Sofia

A company that developes software for ships
· An internship that helped me learn MVC, .NET Fundamentals, SQL, MS SQL.

Trading   2021 - Present

Self-employment

· Addaptivity & Quick-thinking always help me successfully face new unknown situations

MOST PROUD OF

🌿 **Our Green European Town Erasmus+**

Four-year program for student exchange from different countries whose aim is to make the cities of modern Europe cleaner, less contaminated and better for the future upcoming generation.
Worked with people from different nationalities: Portugal, Estonia, Spain, Italy, Spain and Germany.
Communication and teamwork with more than 200 people from all the parts of Europe.
Learning about new eco-friendly technologies, electric cars and smart buildings.

PROGRAMMING SKILLS & TECHNOLOGIES

.NET MVC · REST · ASP .NET · HTML/CSS ·

REST Architecture · MS SQL Database ·

SQL · OOP Design Principles ·

SOLID Principles

EDUCATION

Alpha C# Track
Telerik Academy
03/2023 - 08/2023

Informatics
New Bulgarian University
09/2021 - Present

High School Diploma - specialised in Informatics, English and Information Technology
PMG "Konstantin Velichkov" - Pazardzhik
09/2017 - 05/2021

ADDITIONAL SKILLS & INTERESTS

Quick adaptation · Communication ·

Teamwork · Self-motivation ·

Good coordination with colleagues ·

Three years of experience in trading ·

One year of experience in investing ·

Determination · Decisiveness
