• [Equity Research Report: Mondelez International](#) • [Financial Model & Valuation: Mondelez International](#)

Financial Analyst aspirant with a solid foundation in Financial Modelling, Valuation and Equity Research. Recent graduate with a Post-graduation in Financial Analysis from a premier institute, Imarticus Learning and B.com in Financial Markets which built my fundamentals of stock market knowledge, equipped with strong analytical skills, proficiency in Financial modelling, and a keen understanding of Equity research. A results-oriented individual who is eager to apply theoretical knowledge to practical scenarios with a disciplined approach and contribute to the success of a dynamic financial team. Committed to continuous learning and professional growth by supporting senior analyst's in-depth research to help HNI investors to make investment decisions while simultaneously commencing a Chartered Financial Analyst (CFA) charter holder journey.
