SUMMARY

I am a Junior Rating Analyst at Brickwork Ratings, where I assess credit applications, verify creditworthiness, and assign ratings to organizations. With strong expertise in financial modeling and financial statement analysis, I am passionate about expanding my skill set and exploring new opportunities in financial services. I thrive in collaborative environments and prioritize innovation and customer satisfaction.

WORK EXPERIENCE

Brickwork Ratings

Junior Rating Analyst • June 2024-Present

- I evaluate the creditworthiness of large and medium businesses and provide quarterly updates on listed companies.
- Based on a comprehensive analysis, I recommend long-term and short-term ratings.
- My role also involves engaging with company management, auditors, bankers, and other lenders, as well as conducting on-site visits to companies and factories for ongoing monitoring.

Saraswat Co-operative Bank

Underwriter • June 2023 - May 2024

- Handle and oversee the processing of commercial loans.
- Examine the financial health and performance of companies.
- Evaluate the organization's market position and industry dynamics.
- Identify loan needs and present them to the evaluation committee.
- Secure loan approvals and ensure continuous monitoring of accounts.

Datamatics Global Services LTD. (6 months contract)

NAPS Trainee • November 2019 - April 2020

- Managed the preparation and submission of tax returns for US individuals.
- Conducted thorough checks to ensure accuracy and compliance with tax regulations.
- Served as a reviewer in the final stage of the filing process, verifying colleagues' work before submission.

EDUCATION

MBA in Finance

Christ University, Bangalore • 2021 - 2023

Bachelor in Accounting and Finance

ST. Andrews, Bandra • 2016-2019

Scientific Investing. (Internship)

Equity Research • June 2022 - July 2022

- Conducted in-depth market research using both technical and fundamental analysis.
- Analyzed market trends of the top five players in the Commercial Vehicle sector, identifying inefficiencies to optimize performance and inform strategic decision-making.
- Researched India's electric commercial vehicle manufacturers and lithium battery advancements.
- Provided research-driven insights to Scientific Investing, supporting informed investment decisions.
