SUMMARY

I am a dedicated M.B.A. student specializing in Finance Technology, with a strong academic background in finance. My internships have equipped me with extensive experience in financial analysis, stock market operations, and investment strategies. Proficient in multiple languages, I am actively seeking to leverage my skills in the finance sector to make a meaningful impact

EXPERIENCE

Finance Trainee

MIT ADS MEDIA

📅 04/2024 - 05/2024 📍 Pune, Maharashtra, India

A leading digital media company within the finance sector

- Conducted detailed financial analyses including budget forecasts and variance reports to support decision-making processes
- Gained insights into stock market operations, including analysis of market trends, stock performance evaluation, and investment strategies
- Managed financial data ensuring accuracy and compliance with company standards
- Prepared and presented financial reports to senior management, enhancing skills in data interpretation and presentation
- Worked closely with the finance team and cross-functional departments, developing strong collaborative and communication skills
