## DATA ANALYST

+91 9579920979 @ anupdhamane7@gmail.com https://www.linkedin.com/in/anup-dhamane-2389a1340/

Charni Road, Mumbai- 400004 DOB: 28/09/2003 Gender: Male

## SUMMARY

As a data analyst with a diploma, I excel in transforming data into insights. I'm proficient in Power BI, Excel, Tableau, MySQL, Python and have a knack for data cleaning, modelling, and visualization. My experience spans market research, business process analysis, and KPI creation. I thrive in agile environments and am committed to delivering high-quality results.

06/2020-03/2021 | **96.50 %**
- BSc in Mathematics**  
D.B.J. College, Chiplun ( University of Mumbai)  
06/2021-04/2024 | **9.78 CGPA**
- MSc in Data Science (Pursuing)**  
Department of Computer Science, University of Mumbai  
(Distance Learning)

## CERTIFICATION

Data Analyst Provided By  
Impetus Consultrainers, Dadar

## SKILLS

<b>Advanced Excel</b> LOOKUP, VLOOKUP, XLOOKUP, Power Query, Power Pivot, Advance Excel, conditional statements, Dashboard Etc.	<b>Power BI</b> Data Visualizations, Power Query, DAX Functions, Filters, Dashboard, Etc.	<b>Tableau</b> Data Visualizations, Calculated Field, Actions, Filters, Advance visualizations, Dashboard Preparations, Etc
<b>SQL and MySQL</b> SQL Commands, Constraints, Stored Procedure, Triggers, CTE, Subquery, Joins, If Function, Case Functions, Window Functions, Group by, Ranks, Views Etc	<b>Python</b> For Loop, While Loop, Pandas, NumPy, Matplotlib Etc.	

## EXPERIENCE

Data Analyst Intern  
Impetus Consultrainers

- 08/2024 - 02/2025
- Internship position focused on data analysis
- Conducted data analysis across many domains, utilizing Excel, SQL, MySQL, Power BI, Tableau, and Python to derive meaningful insights
  - Developed and maintained Power BI and Tableau dashboards, providing real-time data visualization and reporting

# PROJECTS

## Olist E-Commerce Store Analysis

Enhanced sales forecasting accuracy for Olist e-commerce through comprehensive data cleaning and analysis

- Streamlined data cleaning and analysis processes
- Established data relationships using Power Pivot
- Leveraged MySQL for data manipulation
- Identified improvement areas in product quality and delivery service using Tableau and Power BI

## Bank Loan Analysis

Analyzed financial loan performance and trends, providing recommendations for improving loan management practices

- Executed data cleaning and transformation using Excel
- Computed KPIs using Excel formulas, pivot tables, and MySQL queries
- Visualize the insights through power bi, tableau, excel.

## Coffee Shop Sales

Achieved insights of variation of sales on the different time period

- Designed an interactive Power BI dashboard to visualize key business insights, including sales trends, best-selling products, and peak hours.
- Utilized SQL for data cleaning and transformation, ensuring data accuracy and consistency.
- Implemented DAX measures to calculate key performance indicators (KPIs) such as total revenue, average transaction value, and customer purchasing patterns.
- Created drill-through reports and dynamic filters, to enhance the visualization.

## Blinkit Analysis

Designed a Power BI dashboard to uncover key sales trends, customer preferences, and outlet performance

- Leveraged SQL for data preprocessing and transformation, ensuring data accuracy for analysis.
- Analyzed total revenue, average sales, product demand, and customer ratings to optimize business strategies.
- Provided insights on sales distribution by outlet type, location, and product categories, aiding decision-making for inventory and marketing.

# KEY ACHIEVEMENTS

Secured 1st rank in the college in the BSC program

.
