PROFILE

Software Developer with hands-on experience in developing web applications using .NET ecosystem. Proficient in C#, HTML, CSS, JavaScript, and Bootstrap, with a solid understanding of both front-end and back-end development. Adept at problem-solving, debugging, and optimizing performance across the stack.

PROFESSIONAL EXPERIENCE

Software Developer

Sakshi Infotech Solutions LLP (Client - Mahindra Finance)

Nov 2022 – Present
Mumbai, India

- Hands-on experience with C#, PLSQL, MSSQL, JavaScript, Bootstrap, Ajax, jQuery, HTML, CSS, ASP.NET, MVC/Core, and Web APIs.
- Developed and maintained clean, testable code across various projects.
- Strong in database management and query optimization (MySQL, PLSQL).
- Proficient with tools like Bitbucket and JIRA for version control and project tracking.
- Skilled in debugging and resolving code issues efficiently.
- Continuously learning and applying industry best practices to improve workflows and stay current with new technologies.

PROJECTS

FD-Core Project Development

- Report and Transaction Page Development:** Designed and developed various report and transaction pages, demonstrating strong capabilities in page creation and versatility by integrating APIs.

API Engineering

- API Development for KYC Handling:** Created and integrated an API for seamless KYC details handling, significantly enhancing the user experience.
- Microservices Integration:** Leveraged microservices integration experience, highlighting skills in **containerization, API design, and event-driven architecture**.

ICAAP(Internal Capital Adequacy Assessment Process)

- ICAAP System Development:** Led end-to-end development of the ICAAP system using **.NET**, orchestrating cross-functional collaboration. Implemented strategic risk frameworks, ensuring regulatory compliance and enhancing financial risk management capabilities.

Digital Fixed Deposit Platform

- Tech Stack:** Angular 17, .NET Core, REST APIs, SQL Server
- Description:** Developed a secure and scalable web application for managing Fixed Deposit operations, including account creation, KYC verification, interest calculation, and auto-renewals. Leveraged Angular 17 and .NET Core to streamline workflows, resulting in a 60% reduction in processing time and significantly enhancing the user experience.

DAP (Disciplinary Action Process)

- DAP System Development:** Developed a DAP system, streamlining disciplinary procedures and enhancing compliance tracking. Integrated automated workflows and reporting features, improving efficiency and transparency in processes.
- Modernized Website UI:** Designed and implemented a modern, user-friendly interface, utilizing HTML, CSS and Bootstrap.

EDUCATION

B.Sc (Information Technology) 8.03 CGPA

Tolani College of Commerce From University of Mumbai. Maharashtra

2019 – 2022
Mumbai, India

TECHNICAL SKILLS

Programming Languages

- C#, JavaScript

Frameworks

- .NET, .NET Core, ASP.NET, ASP.NET MVC, Angular

Microservices

- Containerization, API Design, Event-Driven Architecture

Agile Development

- Continuous integration, Continuous delivery, Agile methodologies

Database Management

- MSSQL, PLSQL, MySQL

Web Technologies

- HTML, CSS, jQuery, Bootstrap, Ajax

API Development

- RESTful APIs, Core Web APIs

Project Management Tools

- JIRA, Bitbucket
